“FOUNDER'S MESSAGE”

My Home India is a voluntary organization, foundation of which was laid by its volunteers committed towards serving the nation. The organization pride itself on the blessings bestowed on it from those it serves. With the motto of “Vasudhaiv Kutumbakam”, My Home India builds the cultural and emotional bridge between the people from North East and Rest of India.

Since 2005, My Home India has been committed towards strengthening, exchanging and promoting the rich North Eastern culture across India. In this chain of events, every year the volunteers of the organization welcome the new students from North East India along with the local people in order to give them friendly environment and homely feeling.

Under this initiative of welcoming the new students, My Home India every year organizes North East Student Festival (NESt. Fest) in different cities across India. In this festival, various cultural programs originating from the North Eastern culture and tradition are performed not only to give the new students friendly environment and homely feeling but also to make the others to know about the hidden culture tradition of the North East.

I make a sincere appeal to everyone to support My Home India to strengthen the eternal bond of fraternity.

INITIATIVES

The Fest leads with the prime objective to provide a common platform and friendly environment to the freshers of the North-Eastern region of India, who stays miles away from their natives in the National Capital for the purpose of Education. The programme is aimed to showcase the rich heritage of the Ashta-Lakshmi states highlighting the ethnic culture, traditional dresses and festival dances.

REALITIES

The different looks has resulted in to sort of identity problem in rest of India which is not aware of the NE region as a whole. This sometimes causes misunderstanding between them & local people. Feeling of alienation in one's own country saddens people from NE India & has occasionally resulted in unpleasant incidents. Hence, we identify the problems and lay emphasis on increasing awareness about this region and its people all over the country.

NEED FOR NEST.FEST

Due to distinct facial features, some of the people of North East are sometimes mistaken and they face discrimination or humiliation in other parts of the country. In order to reduce this gap and build bridge between North East and Rest of India. We organize events and cultural programs in different states promoting the varied and vibrant cultural heritage of the North-East. 'NESt.Fest' is organized for fresher students of North East to help them adapt to their new environment in different cities.

ABOUT THE ORGANIZATION

Ages ago Bharat Varsh (India) heralded “Vasudhaiv Kutumbkam” (Entire world is one big family). India is a living example of “Unity in Diversity” where numerous religions have been coexisting peacefully for centuries. However, myopic vision of many a political parties is eroding the foundation built upon 'unity in diversity' by dividing people on the basis of religion, region, caste, sub-castes, language etc. The division of citizens on the basis of region is so severe that in our own country, people from NE States like Arunachal Pradesh, Tripura, Nagaland, Assam, Manipur, Mizoram, Meghalaya, Sikkim. are considered as foreigners in Rest of India. My Home India is working as an ambassador strengthening national harmony across the country.

We can't ignore importance of youth & children in nation building. Youth are our “Present” but children hold our “Future”. It is very important to ensure all-round development of children to secure a bright future for the country.

In line with above philosophy, we focus our efforts on two primary activities:

1. Emotional integration and Cultural integration between people of rest of India with the North Eastern States & to further bolster feeling of brotherhood all across North eastern states.
2. To work on reunification of children rescued and brought to Children homes across India with their parents.

STRENGTHS OF MY HOME INDIA

- Provide homely feeling to all the Indians across India staying away from home.
- Nationwide presence enabling us to reach out in many states all over country.

13th Anniversary Celebration

On 26th February, 2019 My Home India celebrated 13 years of glory towards serving the Nation through its voluntary services. To commemorate this journey and acknowledge the numerous efforts by its volunteers, the organization organized 13th Anniversary Celebration Programme at Vigyan Bhawan, New Delhi in the august presence of Hon'ble Vice-President of India Shri M. Venkaiah Naidu.

The chief guest Hon'ble Vice President Shri M. Venkaiah Naidu in his speech praised My Home India and congratulated it for completing 13 years in its service to the nation. He also mentioned that “My purpose for coming here is to interact with youth of the nation and specially of the North East”. He also talked about the 4 C's that should be the decisive factors for a person: Character, Caliber, Capacity and Conduct.
